Excorp Medical is pleased to announce that the ChinaBio® Investor Forum has selected it to be one of approximately twenty companies to present at the Investor Forum in Hong Kong on March 19-20, 2009. This forum is for early stage biotechnology, diagnostics, medical device and service companies. Attendees will have the opportunity to screen these companies in a rapid two-day forum. It will also include advice from over 25 experts on the state of the biotechnology industry and VC investment community in China and Hong Kong.
