Zhang Shuofu
Mayor,
Loudi City
Hunan Province
Peoples' Republic of China

Dear Mayor Zhang,

It was with great pleasure that I learned of the coming celebration of 10 years since the official founding of Loudi City.

As a friend of Loudi and many of the people and officials, I warmly congratulate you on the many accomplishments achieved since 1999.

The development of the City, its infrastructure, industry and educational system has required strong leadership as well as strong support by the members of the community.

It is altogether fitting and appropriate that in the year of the 60th anniversary of the New China, a few moments are set aside to recognize the "New Loudi."

Sincerely,

A handwritten signature in blue ink that reads "Daniel G. Miller".
